Chapter I

Preamble

Jules: Hey kids! How you boys doin'?

Jules: Hey, keep chillin'. You know who we are? We're associates of your business partner Marsellus Wallace. You do remember your business partner don't you? Let me take a wild guess here. You're Brett, right?

Brett: Yeah.

Jules: I thought so. You remember your business partner Marsellus Wallace, don't you, Brett?

Brett: Yeah, yeah, I remember him.

Jules: Good. Looks like me an Vincent caught you boys at breakfast. Sorry about that. Whatcha havin'?

Brett: Hamburgers.

Jules: Hamburgers! The cornerstone of any nutritious breakfast. What kind of hamburgers?

Brett: Ch-cheeseburgers.

Jules: No, no no, where'd you get 'em? McDonalds? Wendy's? Jack in the Box? Where?

Brett: Big Kahuna Burger.

Jules: Big Kahuna Burger. That's that Hawaiian burger joint. I hear they got some tasty burgers. I ain't never had one myself. How are they?

Brett: They're good.

Jules: Mind if I try one of yours? This is yours here, right?

Jules: Mmm-mmmm. That is a tasty burger. Vincent, ever have a Big Kahuna Burger?

Jules: Wanna bite? They're real tasty.

Vincent: Ain't hungry.

Jules: Well, if you like burgers give 'em a try sometime. I can't usually get 'em myself because my girlfriend's a vegetarian which pretty much makes me a vegetarian. But I do love the taste of a good burger. Mm-mm-mm. You know what they call a Quarter Pounder with cheese in France?

Brett: No.

Jules: Tell 'em, Vincent.

Vincent: A Royale with cheese.

Jules: A Royale with cheese! You know why they call it that?

Brett: Because of the metric system?

Jules: Check out the big brain on Brett! You're a smart motherfucker. That's right. The metric system. What's in this?

Brett: Sprite.

Jules: Sprite, good. You mind if I have some of your tasty beverage to wash this down?

Brett: Go right ahead.

Jules: Ah, hit the spot.

Chapter II

General guidelines

II.1 What is an open project?

If you're still unclear, it suggests you haven't thoroughly reviewed the global project and the subject validation project. But this is not the time for discussion; it's time to focus on completing your project.

Few reminders:

- Your project was approved with very clear specifications. Your actions should closely align with them.
- You've compiled a comprehensive checklist of all items slated for evaluation later on. Keep it in mind, as the final assessments will be based on it.
- Time passes quickly, and group motivation and dedication will be put to the test. Stay vigilant.
- During the evaluation, most of the assessments are based on the initial expectations. Adding extra tasks or different tasks doesn't contribute significantly to the final mark.
- Effective time management and group coordination also play a crucial role in the project and is part of the evaluation.

Good luck, and have fun.
